

Providing Specialist Care & Support

We pride ourselves on caring for people, not conditions.

Whatever your place in the care sector, we're here to ensure that your experience is as positive and hassle-free as possible.

Daisy Care Solutions offer flexible, bespoke care services tailored to the individuals who require them. To service users and their families, we are a reliable source of support and a conduit to our network of experienced carers. To carers, we are a professional organisation that provides regular work and deals with the pesky admin side of things, allowing you to focus on doing your job. To the larger care facilities and providers, we offer a wide array of fully vetted and highly qualified care staff to help cope with any eventuality.

Why Daisy Care Solutions?

With several decades of combined experience in care, our management team has first-hand insight as to what all parties require when it comes to a care package. From all sides, it comes down to reliability, flexibility, and a human connection which is all too often lost in our chosen field. Those receiving care are individuals, not lists of conditions and requirements. Those providing it are people, not numbers or robots.

Best for Service Users

First and foremost, the needs of an individual who requires care must be prioritised.

That's why we offer fully bespoke coverage to fit around any and every care plan - no minimum hours required, no minimum term, and no set menu of options.

One-size-fits-all may be great in some sectors but it will never be practical when it comes to care, such as the number of variables and the ever-changing requirements of the average care user, if such a person even exists.

Best for Clients

Flexibility in staffing is not just reserved for service users - established care settings also appreciate a bespoke approach.

We provide temporary, permanent, and fixed-term staff to ensure adequate cover for any eventuality, and to guarantee a smooth, hassle-free experience.

Best for the sector

In the continued quest to improve the overall standard of care in The South and across the UK as a whole, providers who are continually adapting and evolving best practice are vital.

Our management team has several decades of care experience and this, combined with an outstanding collection of staff, means that Daisy Care Solutions are consistently doing our utmost to promote an overall increase in the standard of care both with our own clients and beyond.

Best for Staff

Good care staff are invaluable. We know this, and our clients understand this. That's why they come to us.

We could not provide the service that we do without our ever-growing team of the best care staff in our area. Fully vetted, experienced and, just as importantly, personable.

Working with Daisy Care solutions means good rates of pay, stable yet flexible work, and a training and development programme which is second to none. We help good carers become excellent carers, and leaders in our field.

Our Services

Regardless of a person's reasons for requiring care, the most important thing is that they are treated with the utmost respect and dignity. At Daisy Care Solutions, we understand that an individual's personality and independence must always remain a priority.

Learning Disabilities

Our staff are experienced in assisting individuals with a range of learning disabilities.

Live-in Care

In some circumstances, live-in care is the most suitable option. Our team has you covered.

Elderly Care & Support

Fully flexible support options for those in later life.

Dementia Care

Dementia comes in many forms and the needs of individuals are varied; our team will identify and meet these needs.

Domiciliary Care

We'll come to you in your own home, helping you to maintain some vital independence.

"The care home staff provided by this agency have been exceptional. Their expertise, reliability, and genuine care for our residents have exceeded our expectations. The agency has been instrumental in maintaining the highest standards of care, and we highly recommend their services to other care facilities." - Rebecca

Flexible Care Staffing Solutions

Bespoke solutions to ensure your clients get the care that they deserve

Care facilities and care work in general can be unpredictable - individuals' needs will fluctuate over time. On top of that, every person involved in the implementation of a care plan is vital, so both planned and unplanned absences must be covered. We provide the flexibility, reliability, and quality of care that your clients rightly expect.

Permanent or Temporary Care Staffing

Requirements can shift very quickly when it comes to care. Flexibility is key and that is why our people are available on essentially any basis that you require. Plan well in advance or call at short notice. Take a whole team for short-term emergency cover, or make a single permanent placement. Or any combination of the above factors, too numerous to list.

Care Assistants

Support with immediate needs such as hygiene and simple day-to-day tasks.

Support Workers

Assist clients in maintaining a level of independence through physical and emotional support.

Team Leaders

Experienced staff with the ability to implement and oversee a full care plan for a number of clients.

Registered Nurses

Fully qualified nursing staff to provide care and supervise care delivery by other staff.

Domestic Assistants

Ensure clean, tidy, and generally safe environments for all.

Senior Carers

Implement care plans, supervise teams, maintain medication records, and liaise with the families of service users.

"Emma, my care worker from the agency, has been an absolute blessing. Her dedication and compassion towards my needs have made my daily routines much easier. I feel safe and well-cared for in my own home, and I highly recommend the agency for their exceptional staff." - Sarah

Care Settings

We understand that the care requirements of each individual must come first, and as such our staff are experienced and qualified to work in a variety of care settings. Whether someone is receiving care in their own home, relocating to an assisted living facility, or visiting a day centre - independence and individuality must remain integral.

Care Homes

Nursing homes, residential homes, learning difficulties, mental health, day centres, and supported living facilities.

Supported Living

Care and assistance in our client's own home, as much or as little is required in order to maintain independence.

Care Home Staff

Working in a care home allows you to build stable and fulfilling relationships with residents, all the while maintaining a consistent place of work.

Temporary Care Staff

Temporary work with Daisy Care Solutions offers you the flexibility to make a huge impact on lives, whilst working for a period of time to suit your own.

Permanent Care Staff

Whilst working in care is known for its flexibility, sometimes it is in the best interest of both the carer and service user to get a long-term arrangement in place.

"As a care home employee, I feel fortunate to work for an agency that truly values its staff. The agency's focus on professional development, fair compensation, and work-life balance has made it a standout choice. I highly recommend this agency to anyone seeking fulfilling employment in the care sector."

- James

"We have been consistently impressed with the quality of care home staff supplied by this agency. Their professionalism, empathy, and dedication have greatly contributed to our residents' well-being. The agency's commitment to excellence and attention to detail have made them an invaluable partner in our care provision."
